

Trustee Report; March 8, 2022

- A new fire alarm system was installed on Feb 11, by Murdock Electric & Security.
- A new security system has been ordered through Murdock Electric & Security.
- As we begin to re-open the Church building a facility safety / risk assessment was conducted. we are addressing observations and improvements.
- The opportunity to rent out Nursery space through May did not come to fruition. This does provide us an opportunity to cull out some of the unused or outdated furnishing. The nursery has served many functions over the last two years, primarily as a storage facility. It is currently void of furnishings and cleaning and repairs are in progress. The nursery is expect to re-open on Sunday, March 13.
- We are initiating a Technology Team – This team will ultimately become a subset of the Property Mgt. Team.
- As new roles are developed and undertaken to support the activities of the church, we are developing Volunteer Policies & Handbook.
