

Trustee Report to Church Council April 6, 2022

- 1) Trustees are in discussions with a possible renter of the nursery room space for daycare. This presents an outreach opportunity to utilize space during the week and generate revenue. This would not affect the use of this space on Sundays.
- 2) Repair work is required on back exterior wall of Harrison Hall. Upon inspection, the exterior wall displays significant rot and woodpecker damage. The work required is significantly more than was originally estimated.

Submitted on behalf of the Board of Trustees
