

Restructuring Team Report to Council
August 9, 2022

Since our last report to Council our team has met twice and is scheduled to meet again this week on Thursday. We have made significant headway on our proposed Template outlining what a single Governance Board looks like, which will be shared with Council once the initial full draft has been completed.

Additionally at our Council meeting in July, Debbie Pallatto-Fontaine discussed how the Storrs Congregational Church has developed their Governance Board. At tonight's meeting we will be looking at the model the Greendale Church in Worcester adopted.

It is our plan for the September meeting to share at least one proposed organizational chart depicting a possible structure for FCCW. To that end we will be asking for your input – what questions do you want us to answer at that time?

Our team recognizes that changing from the structure that FCCW has had for decades and decades to a new streamlined model is not a simple process. It takes a great deal of time and patience and it takes an abundance of prayer. We ask that you be in prayer with us.

Respectfully submitted,

Charlene Swanson
